ABOUT THE FAIR

FOURTH ANNUAL FAIR TO SURPASS PREVIOUS YEARS.

MANY RACING EVENTS

Well Balanced Program for Every Day—High Class Entertainment Plentiful.

One week from tomorrow the fourth annual Nodaway County Fair and Agriculture Exhibit will open its gates to the people of Nodaway county and the surrounding community. The fair has always been the great attraction of the year since its inauguration four years ago and the one for this year promises to surpass all other previous records. A. O. Mason, president of the association, has spared no pains nor expense in making this one the really biggest and most elaborate to be held in this part of the country this year.

People attending fairs in other counties have commented upon the scarcity of good horse races. A glance at the race program will readily convince all lovers of a good "hoss" race that an unusually good list of races of all kinds are scheduled for every day and the purses offered are so liberal that first class starters are sure in every event.

The abundance of fine prize stock in this community is proverbial and the premiums offered for fine stock of all kinds are very attractive, insuring an exhibition of the highest order in the agriculture show.

Besides these exhibits are the floral, domestic science and art exhibits, things in which Nodaway county women excel.

Six big free attractions have been secured to show during the week. They are all highly entertaining and clean, something the old and young will thoroughly enjoy.

The disagreeable features that are generally supposed to go along with a fair, such as gambling and vice of all sorts, has always been conspicuous by their absence in former years and needless to say will be moreso than ever this year. The Nodaway County Fair will be of the worth while kind, the kind everybody wants to see and the kind that sends everybody away with a contented feeling.

HAS 11 SONS IN ARMY.

Salt Lake City, Aug. 27.—Thomas Chamberlain, who served a term in a penitentiary for practicing polygamy, has eighteen sons, of whom eleven are in army service.

GIVE INSTRUCTIONS

MANNER OF MOBILIZATION AND ENTRAINMENT EXPLAINED.

READY TO CALL NEW ARMY

Notices Now in Hands of Draft Officials Contain Regulations for the Drafted Men.

The men certified by the district draft board for service in the new national army soon will be surrounded by the strict rules and regulations of military life. Complete instructions for calling these men, the manner of mobilization and entrainment, are in the hands of the local exemption board.

The following is taken from the Kansas City Star:

Immediately upon receipt of the certification from the district board, the local board sends the first notice to the men called. The notice reads:

You are hereby notified that you have been selected for military service as a part of the quota from local board for ——— district. You will therefore hold yourself in readiness to report for military duty at the office of this local board at a time to be specified by notice posted at the office of this board in the near future. Notice also will be mailed you, but the posting of the notice at the office of the board will charge you with the obligation to report. From the date so specified for you to report, you will be in the military service of the United States and subject to military law. While as much time as possible will be allowed you, you are hereby cautioned that the necessities of the service may require you to be called on very short notice. You should therefore put your affairs in order to report upon twenty-four hours' notice.

No Trunks at the Camp.

Following the mailing of the notice, the local board has nothing to do until the exact hour and date of entrainment, for the mobilization camp is certified to them by the adjutant general. On receipt of that information they send a second notice, signed by the chairman and secretary of the local board, which reads:

By direction of the Secretary of War you are hereby ordered to report to the office of this local board at ——— m. on the ..... day of ....., 191,...., for military duty and for transportation to the army mobilization camp at ..... From the date herein specified for you to report you will be in the military service of the United States and subject to military law. Failure to report or unpunctuality are grave military offenses punishable by court martial. Willful failure to report with intention to evade military service constitutes desertion, which is a capital offense in time of war. Present yourself at the precise hour specified in order that you may not begin your military record in the service of your country with a delinquency.

You will be held under the orders of this board until the hour of departure of your train. During this period the local board will furnish you food and lodging. If you live within one hour's travel of the office of the local board you may obtain permission to sleep and eat at home, but only if you fill out and forward to the office of the local board at once the printed application for this permission at the end of this sheet.

You will not be permitted to take with you on the train anything but hand baggage. You do not need bedding or changes of clothing except as specified below. You may take with you only the following articles: Soap, shaving accessories, comb and brush, toothbrush and tooth powder, towels, underclothing and socks, and if you desire, change of collars and shirts, but you will have no use for these after the arrival at the mobilization camp.

Since you will not be permitted to retain any trunks after your arrival at the railroad station, the articles listed above should be brought in a hand bundle.

If you desire to do so, you may return the civilian clothes you are wearing when you arrive at the mobilization camp to your home by express or otherwise, but if you desire to make no such arrangement it will be better to appear in civilian clothes that you do not care to keep.

HAINES BUNCH HAS FROLIC

Troubles Forgotten While Employees Enjoy Day at Big Lake—Guests of the Proprietor.

The newest thing in school frocks for little Mary and the latest thought in fall suits went into the "forgetery" yesterday while the employees of the Haines store froliced at Big Lake near Bigelow, the guests of the proprietor, Harvey L. Haines.

The crowd, including the Haines Bunch, one guest, Harvey Haines, Jr., of Sabetha, Kan., a nephew of Mr. Haines, and the host, fourteen in all, made the trip over and return in two seven-passenger cars from the Wilderman garage, leaving the city at 8 o'clock a. m., and returning at 10 o'clock p. m.

A cottage was engaged for the day and dinner and supper were served the party at the Iden Hotel.

Boating, bathing and other gloom chasers made the day lively. The "Bunch" wore their outing uniforms of red and white and the nifty combinations attracted the customary amount of attention. Parties of friends from Maryville, Tarkio, and other places, who were at the Lake were guests at the Haines cottage during the day.

Harvey, Jr., who came to attend the outing, will spend the first of the week here visiting his uncle.

IN 7 TO 5 VICTORY

Game With Athleston Fast and Exciting — Tilson Starred for the Feds.

The Maryville Federals downed the fast Athleston ball club in an exciting game at the Federal ball park yesterday afternoon. The game was well played throughout and gave plenty of thrills to the fans. The crowd was not as large as has been attending on previous Sundays. The Feds put the game on ice in the seventh inning when they crossed the home plate five times. The final score was 7 to 5. Tilson played one of the best games of his career yesterday. The Roscoe twins were the battery for the visitors and were very effective, except in the fateful seventh. Still pitched for the home boys and kept the opposing team's hits well scattered while Black put up his usual steady game behind the bat. Maryville used her regular line-up.

ITALIANS IN GREAT GAINS

Trieste Is Being Shelled—Austro-German Advance Has Been Checked.

Special to The Democrat-Forum.

Washington, Aug. 27.—Simultaneously with the intimation that the reply to the Pope would go forward this week, the state department made public the text of a cablegram of the greeting sent by President Wilson to the Great Council of the Russian people now in session in Moscow.

This greeting sent in behalf of the American people expressed the belief of the President that a free Russia will triumph "against all enemies within and without," and pledged the United States as ready to give "every material and moral assistance."

Refuse Pope's Offer.

Washington, Aug. 27.—That the United States will reject the peace proposals of the Pope because they failed to take into consideration the necessity for the overthrow of Germany's autocracy was considered certain today.

RUSSIA WILL IGNORE PEACE NOTE

Petrograd, Aug. 27.—The Russian government has decided to ignore the peace note of the Pope it was announced today.

London, Aug. 27.—The standards of allied nations are today floating over important new gains made during the past twenty-four hours on Western and Italian front. The Italians titanic drive against the Austrians is taking on the phase of a great decisive battle. Triest is being shelled and victory after victory crowns the thrusts of the French on the Verdun sector, while British artillery hammered away at German lines in Flanders and around Lens, making gains on the Somme front. Meagre advices received from Petrograd indicate that German counter offensive has been checked at least for the time being.

You Can Shake Loose from The Tortures of Rheumatism

By using S. S. S.

Give Time To Say Good-Bye.

Attached to this card, for a reply from the drafted man, is a card for those who prefer to remain at home during the time between reporting at the local board's headquarters and the hour of entrainment. It reads:

I hereby make application for permission to eat and spend the night at home during the period I will be under the orders of the local board prior to entrainment. During this time a message can reach me at ..... or by telephone at No..... I will at no time be more than an hour's journey from the office of the local board. I do not desire food or lodging furnished me by the local board during this period.

The regulations require that the hour of mobilization at local board headquarters shall be not more than twenty-four hours, nor less than twelve hours, prior to the hour of entrainment.

The First Roll Call.

A sufficient number of men shall be notified to supply one-third of the quota, with five additional for alternates. Roll will be called exactly at the hour specified for reporting, and from that moment the men are under military rule.

Members of the local boards and assistants will remain with the men from that time and will designate one of the quota to act as commander of the number until they reach the cantonment.

Coupons for the purchase of meals, lodging and transportation will be supplied the local boards by the government disbursing agent. A member of the board must accompany the quota to the cantonment, paying all necessary expenses en route with these coupons.

In addition to the roll call, upon reporting, retreat roll call will be made at 5:30 o'clock in the afternoon.

Forty-five minutes before entrainment time the quotas shall be assembled at the depot, roll called again and transportation given out.

Placing the Alternates.

Alternates are not put in the place of missing men until the final roll call before entrainment, which is to be exactly fifteen minutes prior. On account of the large number of missing men, who are included always in the first quota, this means that until within fifteen minutes of train time the majority of the quotas will be alternates.

As the government does not pay the expenses of alternates, they are thus spared the greatest portion of the preliminary expense of the first one-third. In many divisions there are more missing men than the number of the quota, hence there will be no expense to the government except transportation in mobilization of the first one-third in those divisions.

GRAIN COMPANY FILES SUIT.

Sues A. O. Mason in Petition of Three Counts.

The St. Joseph Hay and Grain Company has filed suit in the circuit clerk's office against A. O. Mason. The petition contains three counts.
